Fashion show:

idea:

The main idea is that we have a fashion show containing the characters of Shrek or the characters of inside out or as an extra Halloween costume. 7 robots in total which will be some dressed in costumes such as Shrek donkey, dragon, and Fiona, or for inside out one can be sadness, disgust, anger, fear, and joy or vice versa.

implementation:

A runway with an audience on each side, as if it is a real-life cartoon character fashion show. Each robot creator will have the freedom of choosing what act they want to do in their 3 to 5 minutes performance, whether its a dance, a costume show off, or a plain catwalk

Time:

Each robot will perform a sketch/ walk or performance that will last 3 to 5 minutes. Each robot will have a different track of music playing adhering to their sketch or walk.

conclusion: All the robots will come out to the stage with their creators bowing to the audience ahead.
